## TO WHOMSOEVER IT MAY CONCERN

This is to say that **Dr. Rani Samyuktha Reddy** has worked as a Consultant in Anu Test Tube Baby Centre from march, 2005 to September, 2020.

Dr. Rani Samyuktha Reddy is well versed with Ovulation induction protocols, follicular monitoring and early pregnancy scans using trans vaginal ultrasound. Dr. Rani Samyuktha Reddy can perform procedures like IUI, IVF Oocyte retrieval and Embryo transfer. She can manage complications associated with Assisted Reproduction Techniques. She is very hard working, honest and diligent at work. She is an asset to a place wherever she works. I wish her the best for her future.
